Olive School

14 October, 2019

Dear Parent/Carer, Assalamu alaikum (may peace be upon you),

Re: Year 6 intervention sessions for mathematics

As you are aware, in May, all Year 6 pupils must complete their End of Key Stage 2 tests. In order to further aid and support your child's learning during this period, the year 6 team will be running bespoke and specifically tailored intervention sessions to support their progress journeys.

We will be running afternoon sessions, from **2.30pm-3.15pm,** every Monday and Tuesday, with a focus on Mathematics. The sessions will continue until the end of Autumn 2, and you will be notified about this or any days in which the sessions can't go ahead.

The sessions will start from week commencing **28th October,** the first day back after the half-term break.

We are expecting all invited children to attend. If you do not wish for your child to attend these sessions, please contact the School Office to arrange an appointment with Mr Jamil.

If these sessions cause an issue with respect to transportation and the collection of your child, please, once again, contact the School Office in order that car share can be arranged wherever required and where you consent.

If you have any further questions, please do not hesitate to contact your child's class teacher.

Thank you for your continued support.

Kindest regards,

Mr. Nabil Jamil

Assistant Principal
