What is Residential all about?

- It's about having fun while taking part in all sorts of adventurous activities designed to help your child learn and develop new skills and really shine as an individual and also as part of a team.
- For many children this may be their first experience of staying away from home without you. Our leaders and PGL staff will be on hand throughout to encourage, reassure and help, so that your child returns home even more confident and independent with a real sense of achievement.
- We have chosen to book with PGL because not only do they offer excellent value but they also have a reassuring **60 years** of experience organising trips for schools and scouts' groups with all the safeguarding measures.

Experiential Learning:

Nature itself has the capacity to educate. Let the children discover the world which isn't just restricted to the four walls of the class.

...EVERYDAY ADVENTURE

- The world of work is increasingly made of teams working together to solve problems - why do students mostly work alone and compete with others for teacher's approval?
- The world is full of engaging, real world challenges, problems and questions - why not spend the time in an environment where they are able to exercise this.

Snacks or no snacks?

Snacks

Please do not send sweets, chocolates or any type of junk food with your child. This can cause upset stomachs, especially after a busy day of activities. Also there may be some children who have allergies and we need to avoid cross contamination.

We will provide them with snacks throughout the day.
